### **5. Turli masalalar.**

**5.1 Eshitildi:** Samarqand agroinnovatsiyalar va tadqiqotlar institutida Yevropa ittifoqining Erasmus+ dasturi tomonidan moliyalashtirilgan "101128855-OFINU-ERASMUS-EDU-2023-CBHE – Oziq-ovqat innovatsiyalarini joriy qilishda Ochiq Universitet" loyihasi doirasida ishlab chiqilgan "Ochiq universitetlarni tashkil etish konsepsiysi"ni muhokama qilish va tasdiqlash to'g'risida.

Ushbu masala yuzasidan o'quv ishlari bo'yicha prorektor X.X.Xonqulov so'zga chiqib, hozirgi kunda instituda Yevropa ittifoqining Erasmus+ dasturi tomonidan moliyalashtirilgan "101128855-OFINU-ERASMUS-EDU-2023-CBHE – Oziq-ovqat innovatsiyalarini joriy qilishda Ochiq Universitet" loyihasi doirasida O'zbekistonda ochiq universitet (Open Food Innovation University-OFINU) tamoyili asosida kadrlar tayyorlashni yo'lga qo'yish yuzasidan qator olib borilayotgan ishlar bilan kengash a'zolarini tanishtirdi.

Shundan so'ng institut ta'lim sifatini nazorat qilish bo'limi boshlig'i A.Shamsiyev so'zga chiqib, Rivojlangan ta'lim tizimiga ega davlatlarda ochiq universitetlar faoliyati keng yo'lga qo'yilganligi ta'kidlab o'tdi. Ochiq universitet oliv kasbiy ta'limga ko'proq tinglovchilarni jalb etishni ta'mintash maqsadida tashkil etiladigan ta'limning innovatsion shakli hisoblanadi. Rasmiy ravishda e'tirof etilgan akademik malakalari darajasidan qat'i nazar, har kim o'qishga kirish hamda uzlusiz ta'lim olish huquqiga ega ekanligini inobatga olgan holda ta'limning mazkur shaklini joriy etilishi maqsadga muvofiqligini aytib o'tdi.

Shuningdek, ochiq universitetlar ta'limga ehtiyoji bor barcha insonlarga imkoniyatlar taqdim etadi. Bu ayniqa geografik, ijtimoiy yoki moliyaviy cheklar bo'lgan odamlar uchun muhim ekanligini, tez o'zgarayotgan mehnat bozorida yangi talablarni qondirishda yordam berashini shuningdek, malaka oshirish va qayta ta'lim olish imkoniyatlarini yaratishini ta'kidlab o'tdi. Shu bois mazkur loyiha doirasida O'zbekiston Respublikasi Oliy ta'lim tizimida "Ochiq universitet" tamoyili asosida yangi ta'lim olish tizimini joriy etishga asoslangan "Ochiq universitetlarni tashkil etish konsepsiysi" ishlab chiqilganligini aytib o'tdi hamda mazkur konsepsiyanı kengash majlisida muhokama qilish va tasdiqlash taklifini kiritdi.

Shundan so'ng ushbu masala kengash a'zolari tomonidan atroficha muhokama qilindi hamda tasdiqlash mumkinligi to'g'risida taklif kiritildi.

## QAROR QILINDI:

1. Samarqand agroinnovatsiyalar va tadqiqotlar institutida Yevropa ittifoqining Erasmus+ dasturi tomonidan moliyalashtirilgan “101128855-OFIN-ERASMUS-EDU-2023-CBHE – Oziq-ovqat innovatsiyalarini joriy qilishda Ochiq Universitet” loyihasi doirasida ishlab chiqilgan “Ochiq universitetlarni tashkil etish konsepsiysi” Kengash qaroriga asosan tasdiqlansin.

Qaror ochiq ovoz berish yo'li bilan bir ovozdan ma'qullandi.

##### **5. Turli masalalar.**

##### **5.11. Institutda ishlab chiqilgan Ochiq universitet konsepsiyasini tasdiqlash haqida**

Majlisni institut rektori, Kengash raisi T.Z.Sultanov olib bordi.

**Eshitildi: Kengash kotibi M. Atabayeva:** Andijon qishloq xo‘jaligi va agrotexnologiyalar institutida 2024-2027-yillarda amalga oshirilayotgan Yevropa Ittifoqining Erasmus+ dasturi OFINU (Oziq-ovqat innovatsiyalari bo‘yicha ochiq universitet) loyihasi doirasida Ochiq universitet tashkil etish nazarda tutilgan.

Rivojlangan ta’lim tizimiga ega davlatlarda Ochiq universitet faolyati keng yo‘lga qo‘ylgan. Ochiq universitet oliy kasbiy ta’limga ko‘proq tinglovchilarni jalb etishni ta’minlash maqsadida tashkil etiladigan ta’limning innovatsion shakli hisoblanadi. Rasmiy ravishda e’tirof etilgan akademik malakalari darajasidan qat’i nazar, har kim o‘qishga kirish hamda uzlusiz ta’lim olish huquqiga ega. Ochiq universitet, ta’limga ehtiyoji bor barcha insonlarga imkoniyatlar taqdim etadi. Bu ayniqsa ijtimoiy yoki moliyaviy cheklovlar bo‘lgan odamlar uchun muhim. Tez o‘zgarayotgan mehnat bozorida yangi ko‘nikmalarni egallash zarurati ortadi. Ochiq universitet bu talabni qondirishda yordam beradi, shuningdek, malaka oshirish va qayta ta’lim olish imkoniyatlarini yaratadi.

Shu maqsadda Latviya tabiiy fanlar va texnologiyalar universitetida uzoq vaqtidan beri faoliyat ko‘rsatayotgan ochiq universitetning tashkiliy hujjatlari namuna sifatida olinib Ochiq universitet konsepsiyasini loyihasi tayyorlandi va Kengash muhokamasiga taqdim etilgan.

Ushbu masala yuzasidan O‘quv ishlari bo‘yicha prorektor prof. M.M. Atajanov so‘zga chiqdi. Ochiq universitet ta’limni yanada demokratiyalashtiradi va insonlarning o‘z maqsadlariga erishishlariga yordam beradi. Ochiq universitet nafaqat yangi bilimlarni olish, balki malakalarni oshirish va professional rivojlanish uchun ham juda foydali. Ochiq universitet o‘qish jarayonini talabalar uchun qulay qilishga yordam beradi, vaqt va joydan qat’i nazar o‘qish imkoniyatini taqdim etadi. Bu ayniqsa ish bilan shug‘ullanuvchi yoki oilaviy majburiyatlar bo‘lganlar uchun muhim. Ochiq universitet onlayn ta’lim va innovatsion texnologiyalarni qo‘llash orqali sifatlari ta’limni taqdim etadi. Bu, o‘qitish

metodlarini yangilash va rivojlantirishga yordam beradi. Ta'lim, ijtimoiy tenglik va barqarorlikni ta'minlashda muhim rol o'ynaydi. Ochiq universitet har kimga o'z imkoniyatlarini oshirish imkoniyatini beradi. Bu omillar Ochiq universitetni nafaqat ta'lim tizimining rivojlanishida, balki ijtimoiy va iqtisodiy barqarorlikni ta'minlashda ham muhim qadam sifatida ko'rishga asos bo'ladi.

**Kengash raisi T.Z.Sultanov:** Ochiq universitetda tinglovchilarning takliflari hamda institut imkoniyatlaridan kelib chiqib, o'quv kurslari imkon qadar modullar shaklida barcha uchun qulay muddatlarda tashkil etiladi. Ya'ni, asosan nazariy ta'lim olayotgan talabalar hamda amaliy tajribaga ega bo'lgan tinglovchilar birgalikda fanlarni o'zlashtirib, bir-birlariga ko'mak berishadi, ta'limda nazariya va amaliyot uyg'unlashuvi amalga oshadi. Bunda tinglovchilar fan uchun ajratilgan kreditlarga mos to'lovlarni amalga oshirib, nazariy ta'lim olishadi hamda kurs yakunida o'zlashtirgan fan modullari bo'yicha sertifikatga ega bo'lishadi. Tinglovchilar tomonidan to'plab borgan kreditlar oliygoh tomonidan tan olinadi hamda yillar mobaynida o'quv kurslarida to'plagan kreditlarini jamlagan holda oxirgi semestrni oliygohda o'qish orqali yakunida diplom olishga imkon yaratiladi. Ushbu yondashuv mehnat bozoriga kirib borgan kishilar uchun kelgusida mehnat bozorida raqobatbardoshlikni va bandlik salohiyatni yanada oshirish imkonini beradi. Yuqoridagilardan kelib chiqib, Ochiq universitet konsepsiyasini Kengash a'zolaridani ham ma'qullashini so'radi.

**Muhokamada qatnashdilar:** Ipakchilik va tutchilik fakulteti dekani dotsent A.Axmadaliev, moliya-iqtisodiyot ishlari bo'yicha prorektor dotsent X.Baratov muhokama etilayotgan konsepsiya yuzasidan o'zlarining fikr-mulohazalarini bildirdilar va tasdiqlash taklifini qo'llab-quvvatladilar.

Kengash raisi tomonidan mazkur masala bo'yicha qaror loyihasi ovozga qo'yildi va bir ovozdan ma'qullandi.

### KENGASH QAROR QILADI:

#### **5. Miscellaneous matters**

5.3 Heard: On the discussion and approval of the “Concept for the Establishment of Open University” developed at the Samarkand Agroinnovations and Research University within the framework of the project “101128855-OFINU-ERASMUS-EDU-2023-CBHE – Open Food Innovation University” funded by the Erasmus+ program of the European Union.

On this issue, the Vice-Rector for Academic Affairs Kh.Kh.Khonkulov spoke and introduced the members of the council to a number of works currently underway at the university to establish personnel training based on the principle of an open university (Open Food Innovation University-OFINU) in Uzbekistan within the framework of the project “101128855-OFINU-ERASMUS-EDU-2023-CBHE – Open Food Innovations University” funded by the Erasmus+ program of the European Union.

After that, the head of the university's education quality control department, A. Shamsiev, took the floor and noted that open universities are widely established in countries with developed education systems. An open university is an innovative form of education organized to ensure the attraction of more students to higher professional education. He noted that the introduction of this form of education is appropriate, taking into account the fact that everyone, regardless of the level of officially recognized academic qualifications, has the right to enroll in studies and receive continuing education.

In addition, open universities provide opportunities for all people who need education. He noted that this is especially important for people with geographical, social or financial limitations, helps to meet new requirements in a rapidly changing labor market, and creates opportunities for advanced training and retraining. Therefore, within the framework of this project, he noted that the “Concept for the Establishment of Open University” was developed, based on the introduction of a new educational system based on the “Open University” principle in the higher education system of the Republic of Uzbekistan, and made a proposal to discuss and approve this concept at a meeting of the council.

After that, this issue was discussed in detail by the members of the council and a proposal was made to approve it.

It was decided:

1. To approve the “Concept for the Establishment of Open University” developed at the Samarkand Agroinnovations and Research University within the framework of the project “101128855-OFINU-ERASMUS-EDU-2023-CBHE – Open Food Innovation University” funded by the Erasmus+ program of the European Union, in accordance with the decision of the Council.

The decision was approved unanimously by open vote

## **2.1. Decision of the Scientific Council - Excerpt from the minutes**

### **Extract from the Minutes #2 of the Council of the Andijan Institute of Agriculture and Agrotechnologies**

October 31, 2024

Andijan, Uzbekistan

**Moderator:** T.Z.Sultanov –Rector of the Institute.

**Attended:** 38 out of 44 Board members.

**Invited:** Heads of departments, units, some other professors

#### **AGENDA:**

##### **5.11. About the approval of the Open University concept developed at the Institute.**

The meeting was led by T.Z. Sultanov, Rector of the Institute, Chairman of the Council.

**Secretary of the Council M. Atabayeva:** In the Andijan Institute of Agriculture and AgroTechnologies, it is planned to establish an Open University within the framework OFINU (Open Food Innovation University) project of the European Union Erasmus+ program implemented in the Institute in 2024-2027.

In countries with a developed educational system, the activity of open universities has been widely established. The Open University is an innovative form of education, which is organized in order to ensure the attraction of more students to higher professional education. Everyone has the right to study and continue education, regardless of their officially recognized academic qualifications.

Open universities provide opportunities for all people with educational needs. This is especially important for people with geographic, social or financial limitations. In a rapidly changing labor market, the need to acquire new skills increases. Open universities help meet this demand, as well as create opportunities for upskilling and retraining.

For this purpose, the project of the concept of the Open University was prepared and presented to the Council for discussion, taking the organizational documents of the open university that has been operating for a long time at the Latvian University of Life Sciences and Technologies as an example.

In connection with this issue, the Vice-rector for educational affairs, prof. **M.M. Atajanov** spoke. Open universities expand educational opportunities, allowing everyone to choose their own educational path. In Uzbekistan, special educational programs are developed for different social groups, which ensures social equality. It creates opportunities for workers and students to acquire new skills, increases their competitiveness in the labor market.

Open universities support modern technologies and make educational processes more interactive and effective. It helps to solve social problems through education, increases knowledge and skills in society. Open universities support

research and promote innovation. Open universities in Uzbekistan allow integration into the international education system and exchange of experience on a global scale. Open universities also provide educational programs for teachers, which increases the quality of education.

**Chairman of the Council T.Z.Sultanov:** In the open university, based on the suggestions of the audience and the possibilities of the institute, training courses are organized as much as possible in the form of modules in terms convenient for everyone. That is, students who are mainly receiving theoretical education and listeners with practical experience learn subjects together and help each other, theory and practice are combined in education. At the same time, the trainees make payments corresponding to the credits allocated for the subject, receive theoretical training, and at the end of the course, they receive a certificate for the subject modules they have mastered. The credits earned by the students will be recognized by the university, and by summing up the credits they have accumulated in the courses over the years, it will be possible to receive a diploma by studying the last semester at the university. This approach makes it possible to further increase competitiveness and employment potential in the labor market in the future for those who have entered the labor market. Based on the above, he asked the members of the Council to approve the Open University concept.

**Participated in the discussion:** Associate Professor A.Akhmadaliev, Dean of the Faculty of Silk and Processing of Agricultural products, Associate Professor Kh.Baratov, Vice-Rector for Finance and Economics, expressed their opinions on the discussed concept and supported the approval proposal.

The draft resolution on this issue was put to a vote by the Chairman of the Council and unanimously approved.

#### **THE COUNCIL DECIDES:**
